MISSION STATEMENT
The Action Center provides an immediate response to basic human needs and promotes pathways to self-sufficiency to Jefferson County residents and the homeless.

ABOUT THE ACTION CENTER
The Action Center is a 501(c)3 human-services non-profit organization that offers the single-most comprehensive range of services to struggling residents of Jefferson County and the homeless. The organization changes the lives of 25,000 people in Jefferson County each year by providing crisis intervention and stabilization, creating pathways to self-sufficiency and opening doors to a network of support.
First of all, we say thank you to all who supported our mission over the last year. The generosity in the form of financial gifts, donations of food and clothing or gifts of time have all made a tremendous difference in the work done at the Center to help families and individuals navigate through trying circumstances. Since 1968, the Center has held close to its mission to “provide an immediate response to basic human needs and promote pathways to self-sufficiency.” The community has been extremely generous in its support of this organization and for that we are very grateful.

Over the last year, The Action Center continued to offer two tiers of service programming; the drop-in Intervention Services Program and the appointment based Pathways to Self-Sufficiency Program which features longer term case managed care. And of course, we could not accomplish our goals without being partner-centric. We have more than a half-dozen close, long-standing partnerships to provide housing, education, health and mental health services for our neighbors as they move across the human services continuum.

We continue to see families and individuals coming to us in need of support to help them maintain their housing or help them identify housing opportunities in a very tight housing market. We recognize that the lack of affordable housing stock in the region has contributed to the struggles these families and individuals face. This is an issue we will continue to monitor into the new fiscal year.

Regardless of the need, we remain at the ready to help—all under one roof; from intervention to shelter, Tenant Landlord hotline and of course the Self-Sufficiency Pathways Program. Wherever a person may fall on the self-sufficiency continuum, we have a program to optimally serve our neighbors more effectively and in a dignified and respectful manner.

Thank you to all for making this a very important year for The Action Center.

STAFF
AMY’S STORY

Amy is a single mother of three children. She previously owned two horses, rented out five acres of land, and assisted with a disabled children riding program. Amy made chicken coops and sold them on Craigslist. She had even previously worked in construction and hotel management. Amy was self-sufficient and financially independent. But one day, a motorcyclist crashed into her car while she was stopped at a stop sign. And her life changed.

Amy was in the hospital for four and a half months with a serious brain injury and in a coma for a month. Her mom got custody of her daughters, and after leaving the hospital, she moved in with them. Unfortunately, that didn’t work out so Amy moved out. Her Social Security provided her with living expenses and she stayed in a hotel for two months; but then her money started to run low. Helen knew she needed to find a safe and secure place to stay right away.

A friend told Amy about The Action Center and the shelter program, so she decided to visit to see if they had any openings. Luckily, they were able to secure a spot for her right away. While living in the shelter, Amy worked closely with her case manager to create goals that would help her on the path to self-sufficiency once she left the shelter. Amy’s goals were to secure housing, find a job and regain custody of her daughters. With the help of her case manager, Amy found a basement apartment to rent and left the shelter after two months, but she still didn’t have her children or her old life back.

After leaving the shelter, Amy joined the After Care program which helps past shelter residents with the transition from the shelter to the real world. The case managers helped keep her on track to accomplish her goals.

Amy recently secured a full-time position at Home Depot and, most importantly, her daughters are living with her again. Amy continues to visit The Action Center’s grocery, School Supply Distribution and Santa Shop to receive food, school supplies and Christmas gifts for her daughters.
