As always, we begin with a word of thanks to all who supported our mission over the last year. The generosity in the form of financial gifts, donations of food and clothing or gifts of time have all made a tremendous difference in the work done at the Center to help families and individuals navigate through trying circumstances. For 47 years, the Center has held close to its mission to “provide an immediate response to basic human needs and promote pathways to self-sufficiency.” The community has been extremely generous in its support of this organization and for that we are very grateful.

Over the last year, The Action Center continued to offer two tiers of service programming; the drop-in Intervention Services Program and the appointment based Pathways to Self-Sufficiency Program which features longer term case managed care. And of course, we could not accomplish our goals without being partner-centric. We have more than a half-dozen close, long-standing partnerships to provide housing, education, health and mental health services for our neighbors as they move across the human services continuum.

Much of the year was spent completing the fundraising and construction processes for the new Program Services Building, located at 8745 W. 14th Avenue in Lakewood. Upon completion and dedication, the building officially opened for service in late April. As a result of the monies raised and the construction efforts, we can fully serve both ends of our mission statement of “providing an immediate response to basic human needs and promote pathways to self-sufficiency.”

This new facility allows clients to receive help with a variety of our services, all under one roof; from intervention to shelter, Tenant Landlord hotline and of course the Self Sufficiency Pathways Program. Wherever a person may fall on the self-sufficiency continuum, we have a program to optimally serve our neighbors more effectively and in a dignified and respectful manner.

Thank you to all for making this a very important year for The Action Center.

Mag Strittmatter
Executive Director

Leslie Hord
President, Board of Directors

“Wherever a person may fall on the self-sufficiency continuum, we have a program to optimally serve our neighbors more effectively and in a dignified and respectful manner.”
The Action Center provides an immediate response to basic human needs and promotes pathways to self-sufficiency.

It is through the following program areas that The Action Center gives help, provides hope and builds dignity while breaking the cycle of poverty:

Providing Intervention & Prevention Services

Intervention services are designed to address the first half of our mission, which is basic human needs. Prevention services help our clients regain or maintain stability with short-term or seasonal programs, such as the School Supply Distribution, Thanksgiving Distribution and Santa Shop. Intervention and prevention services are intentionally limited so people don’t become dependent on our services. Our clients must be ready and willing to make steps to improve the quality of their lives.

Creating Pathways to Self-Sufficiency

Every client must meet with a specially trained Volunteer Client Advocate or staff Case Manager prior to receiving any services. We don’t want to just put a band-aid on issues - we want to get to the root of what is causing their financial instability, with the ultimate goal being self-sufficiency. This intervention service is the first stepping stone to address the long-term needs of our clients and their potential placement in our Self-Sufficiency Pathways Program.

Building Community Partnerships

The Action Center connects clients to other resources, onsite, to address barrier issues (education, public benefit programs, mental health and health care) all related to loving toward self-sufficiency. We connect people to in-house partnerships with local agencies including Red Rocks Community College, Jefferson County Human Services, Jefferson Center for Mental Health, Metro Community Network Provider, just to name a few.
Tomorrow is Today

Construction

For the past four years, The Action Center has been investing in a better tomorrow. A Capital Campaign was launched in the spring of 2011 to turn the existing Cottonwood I building into the Program Services Building - a building that would better serve the needs of our clients. The building was completed in the spring of 2015, after 12 months of construction and five years of planning.

$4.2 million raised for the Capital Campaign

12 months of construction

five years of planning
Stardust Mural

The Stardust mural that graces the front of the Program Services Building was designed and created by Martha Pinkard Williams of Artamation. The design represents clients being given a “hand up” through the services and programs provided at The Action Center, and eventually moving towards self-sufficiency. “In the design I didn’t want to put anyone down — everyone gets in a place where they need some help — and I wanted it to be uplifting for the community,” says Martha. The mural was gifted by 40 West Arts District and is included in the “Colorfax” mural program.

Ribbon Cutting Ceremony

Prior to opening the Program Services Building to the community, The Action Center hosted a Ribbon Cutting Ceremony to give major donors and supporters of the Capital Campaign a sneak peek at the new building. Among those who spoke about their involvement in the project were Representative Ed Perlmutter; Bill Marino, Executive Director of 40 West Arts District; Leslie Hord, Board President; Jim Pinkard, Pinkard Construction; Peter Ewers, Ewers Architecture; Peggy Jennings, Community First Foundation Board Chair; Casey Tighe, Jefferson County Commissioner; Adam Paul, Lakewood Mayor Pro Tem; and Mag Strittmatter, Executive Director of The Action Center.
Open to the Community

The Program Services Building opened its doors to the community on April 21, 2015. The first floor of the newly renovated building is designated for intervention services, including the self-select grocery, clothing area and household item area. The second floor is dedicated to case management staff and volunteer client advocates within areas provided to counsel clients for intervention programs. Expanded on-site partnerships are designed to remove service access barriers.

Self-Select Grocery

The Program Services Building offers dedicated space for an industry-standard self-select grocery which allows clients to choose the food they know their families will enjoy. The Action Center’s Food Rescue Program “rescues” fresh food from Trader Joe’s, Sprouts, and Whole Foods which is then stocked in the grocery for clients to choose from. The utilization of USDA’s Choose My Plate puts emphasis on higher nutritional offerings provided in the grocery which includes fruit, vegetables, dairy, grains and protein sources, complimented by canned and dry foods. Clients can select a five-day supply of groceries up to six times a year.

Clothing & Household Items

Double racks and bright light fixtures were installed in the clothing area for easy shopping. Shoe racks provide better organization. Clients can select up to 50 items of clothing, depending on their family size. The household item area provides greater space for storage, making it easier for volunteers to fulfill client orders.

Case Management

The second floor is dedicated to Intervention and Self-Sufficiency Pathways Program staff and services. This provides additional space for Self-Sufficiency Pathways Program case managers, as well as expanded space for Intervention Program volunteer client advocates. There are also offices for representatives from community partners, such as Red Rocks Community College.
Community Involvement

RMCAD • Art students from Rocky Mountain College of Art and Design painted nature-themed murals in the child play rooms located in the downstairs and upstairs lobbies.

40 West Arts District • 40 West donated the mural artwork on the front of the Program Services Building. The mural was created by Martha Pinkard Williams of Artmation, with help from David Williams.

Community First Foundation • Lead donor of the Capital Campaign, Community First Foundation, commissioned a mural to be created for the second floor lobby of the Program Services Building.

Preventative Programs

School Supply Distribution

The Action Center was able to allocate necessary school supplies to more than 5,000 Jefferson County students in need at the annual School Supply Distribution in 2014. Cardel Homes was the lead financial sponsor of the distribution and supplied 4,000 backpacks to every student in attendance. This was significant because it was the first time in history each child was able to receive a backpack from the distribution.

This vital school supply program prevents families from making difficult decisions that would put them further in crisis. It is estimated that school supplies cost an average of $90 per child.

Thanksgiving Distribution

The Thanksgiving Food program eases the strain on fragile finances and prevents families from falling further into a crisis. Unlike many other Thanksgiving distributions, The Action Center allows registered clients to stay warm in their cars while 400+ volunteers pack their vehicles with boxed holiday meals.

In 2014, 1,900 households received a box full of all the “fixin’s” needed to have a traditional holiday meal, including potatoes, vegetables, stuffing, gravy and pie. Additionally, clients received a voucher to get a turkey or ham at a local King Soopers.

Santa Shop

Nearly 1,500 households were served at the 2014 Santa Shop, which took place at Faith Mountain. Parents and guardians were allowed to pick out one large toy, one small toy, a stuffed animal, board game, stocking stuffers and books for each child in their family.

The Santa Shop is special in the fact that parents and guardians personally shop for their children’s holiday toys - after all, no one knows a child better than their parent! A staggering 24,000 toys were collected for this year’s distribution, which ultimately provided 3,700 children with holiday gifts.
Foundation of the Year

Community First Foundation

For nearly 40 years, Community First Foundation has been bringing donors and nonprofit organizations together by offering financial support and educational opportunities to strengthen nonprofits. They also fund community programs, inspire philanthropy and assist individuals and businesses with charitable giving. ColoradoGives.org, the year-round, online giving website, has raised more than $81 million for Colorado nonprofits since 2007.

Community First Foundation has been especially generous and supportive of The Action Center mission with many financial gifts over the years. But none more impressive than the recent $500,000 matching grant to complete phase one of the capital campaign project. This amazing award matches all new gifts and pledges, dollar for dollar! Because of the help from Community First Foundation, we will finish with construction and open to the public in early 2015! We are so thankful and grateful for this outstanding community partner.

Business of the Year

Cardel Homes

Cardel Homes and their employees are dedicated to enriching lives in our community. After committing to a lead $25,000 financial special-event sponsorship over the past two years, and volunteering at our seasonal events, they still went above and beyond for our neighbors in need. In August 2014, they donated 4,000 backpacks to our school supply distribution event and as a result, made sure that every child receiving school supplies also received a backpack for their new school year. The Action Center is truly thankful for their support of our mission, and as a Cardel Homes employee shared “We know what a great organization The Action Center is to work with.”

Employee of the Year

Marilyn Katapodes

Marilyn Katapodes has been with The Action Center since June of 2011, first as Office Manager but moved to Finance Manager in 2012. Marilyn took on the challenge of her new role by applying her impressive financial skills and background. Over the past year she has made significant contributions to the agency’s financial processes and procedures especially as it related to budgeting, monthly financials and the annual audit. She worked tirelessly to ensure that aspects of the accounting department were complete and correct, despite being short staffed. Her dedication to the organization and mission was displayed through her late nights and weekends to complete projects ahead of deadlines.

As a result of her hard work, the financial processes are stronger and more detailed. This is significant, in that, the organization has been engaged in multiple financial campaigns simultaneously. Working mostly behind the scenes, Marilyn’s contributions to The Action Center are not always on public display. But without her hard work and tenacity, the agency would not be where it is today.
Volunteers played a critical role in The Action Center’s move to the Program Services Building. During the month of April, volunteers donated 7,103 hours of time in order to move the old Client Services into the new Program Services Building. 1,072 individual volunteers and 267 groups volunteered at The Action Center during the 2015 fiscal year. Thank you to your outstanding dedication to The Action Center!

6,025 total volunteers
