

Here with Compassion, Responding with Love

June 2, 2020

Dear Friends and Community Members,

The Action Center is an organization that is guided by a spirit of love, compassion and kindness and believes that these values must be applied in equal measure across all of humanity without exception.

We believe that when one of us suffers from hunger, poverty or injustice, we all suffer. As such, today, we are hurting and heartbroken by the acts of violence and racial injustice impacting the black community. We send a message of support, love and unity to those across our community and our country who are hurting, grappling once again with the immediate pain and legacy of racism in our country.

We know that while we all have had individual and unique journeys, our greatest strength and connection comes from our common humanity. At The Action Center we are committed to doing our part to understand, to repair, to heal, and to unite our community through our work.

Sincerely,

A handwritten signature in black ink that reads "Pam Brier". The signature is fluid and cursive.

Pam Brier
Executive Director,
Action Center
